

**PETITION FOR PERMIT TO CARRY  
PERSONAL DEFENCE SPRAYS  
BY LICENSED AND TRAINED SECURITY GUARDS  
Mail to NASPA PO Box 319 Oberon NSW 2787**

I \_\_\_\_\_

of \_\_\_\_\_

City \_\_\_\_\_ State \_\_\_\_\_ Code \_\_\_\_\_

a licensed security guard in \_\_\_\_\_ State \_\_\_\_\_

respectfully request to be allowed to carry and use personal defence sprays while on duty.

I believe that personal defence sprays will help me prevent injuries to myself, offenders and innocent bystanders.

It makes no sense that as a licensed and trained security guard, I am permitted to carry firearms and batons, but I am not permitted to carry personal defence sprays, which are a humane and safe method of self-defence.

As a security guard, I am faced with ever increasing attacks and threats to my safety from violent offenders and groups of offenders. There is no plausible reason why I should not be allowed to carry the spray.

I understand and agree that I should undertake proper training prior to being allowed to carry personal defence sprays and that the canisters should be serialised and documented to prevent abuse and unlawful use.

I respectfully request that legislation be passed to enable me to carry and use personal defence sprays when my life or the life of my client is under imminent and unavoidable threat.

Yours respectfully
